

Automation Lifecycle Management (ALM)

Third-Party Licenses

Automation Lifecycle Management (ALM) includes a number of third-party classes and components which are referenced by the platform. This document records the items that are included and their respective licenses and supplements those identified in the [document for Blue Prism® Hub](#). Open source components will only be adopted on a permissive license basis and there are no copyleft licenses as part of our third-party arrangements.

This topic is split into the following sections:

- [Front-end components](#)
- [Back-end components](#)
- [Referenced licenses](#)
